#2.2 – Things I Do with My Family

**Before You Begin**

- Review the Introduction and Preparation for the Focus Area: My Family and My Community for guidance in planning for this topic of study.
- Refer to Developing Weekly Activity Plans for Adventures for Toddlers for information on how to develop your plans.

**Big Ideas**

Here are some big ideas that you can help toddlers explore:

- We share love in our family.
- We share rituals and routines in our family.
- We share special foods in our family.
- I like to do things and go places with my family.

**Teacher Note:** Consider extending this Topic of Study over several weeks. There is so much for toddlers to learn about things they do with their families. Carry over experiences from one week to another because toddlers enjoy and learn best through repetition.

**Featured Books**

*Kiss Good Night* by Amy Hest, illustrated by Anita Jeram (+BB)
*Runaway Bunny* by Margaret Wise Brown, illustrated by Clement Hurd (+BB)
*Ten, Nine, Eight* by Molly Bang (+BB)
*Time for Bed* by Mem Fox, illustrated by Jane Dyer (+BB)

**Key:** (BB) – Available in Board Book only  
(+BB) – Also available in Board Book

**Note:** See the Book List section for additional books that can be used should some of the featured books be unavailable and as supplemental books to read with children.

**Mother Goose Rhyme Chart**

- Illustrated Mother Goose Rhyme Chart and puppet, There Was an Old Woman Who Lived in a Shoe (See Attachments: There Was an Old Woman Who Lived in a Shoe).

**Books to Make**

None

**Additional Materials**

- Plastic dish tub, dish towel, apron for child  
- Pajama tops and bottoms, laundry basket  
- Basket  
- Household items for printing  
- Scarves
**Book List**

**Featured Books**

*Kiss Good Night* by Amy Hest, illustrated by Anita Jeram

*Ten, Nine, Eight* by Molly Bang

*The Runaway Bunny* by Margaret Wise Brown, illustrated by Clement Hurd

*Time for Bed* by Mem Fox, illustrated by Jane Dyer

**Additional Books**

*Ask Mr. Bear* by Marjorie Flack

*Guess How Much I Love You* by Sam McBratney, illustrated by Anita Jeram (also available in Spanish)

*Have You Seen My Duckling?* By Nancy Tafuri

*Just Me and My Dad* by Mercer Mayer

*The Kissing Hand* by Audrey Penn, illustrated by Ruth E. Harper and Nancy M. Leak (also available in Spanish)

*The Napping House* by Audrey Wood, illustrated by Don Wood

*Row, Row, Row Your Boat* by Anne Kubler

*Where’s My Hug* (originally published as *Don’t You Feel Well, Sam?*) by Amy Hest, illustrated by Anita Jeram

---

**Reading Books with Toddlers**

**Teacher Notes:**

- Review the section in *Curriculum Tips and Techniques* on Reading Books with Children, for suggestions on how to use books with children.

- Consider reading one of these books each day prior to nap time.

**Planned Activity: Naptime Rituals and Routines**

**Learning Goals:**

SE1.1 Forms trusting relationships with nurturing adults

LD1.1 Understands and responds to language (in child’s home language)

EL1.1 Shows interest in literacy experiences

EL1.2 Engages in read-alouds and understanding of books and stories

**Book:** *Time for Bed* by Mem Fox, illustrated by Jane Dyer

**First Reading of Time for Bed (YT & OT)**

- Say to children, “I’m going to the book area to read a story about some mice, sheep and cats that are getting ready for bed.”

- Show cover to children who join you. Give title and allow children to look at the sheep on the cover.

- Turn each page slowly and name the animals on the page.
Second Reading of *Time for Bed*
- Say to children, “I’m going to the book area to read a story about some mice, sheep and cats that are getting ready for bed.”
- Show cover and give title of book.
- Read the story to the children, pausing after each page to allow children time to examine the animals on the page.

Third Reading of *Time for Bed*
- Gather a small group of children in the reading area.
- Show cover and give title of book.
- Read the story to the children.
- Follow up the reading by turning the pages and inviting a child to either name the animals on each page or to point to the animals as you name them.
- Allow each child a turn. Say, for example, “Diedre, can you tell me the name of this animal?” “That’s right, Diedre, that’s a sheep.”

Book: *Ten, Nine, Eight* by Molly Bang (OT)

First Reading of *Ten, Nine, Eight*
- Say to children, “I’m going to the book area to read a story about a little girl and her dad. The little girl is getting ready for bed.”
- Show the cover to the children who join you and read the title.
- Show the title page where the father is holding out his hands to the child. Ask children if they think the little girl’s Dad is going to rock her to sleep. Say, “Let’s read the story and find out.”
- Read the story with the children.
- Follow up by asking children if the little girl’s Dad rocked her to sleep.

Second Reading of *Ten, Nine, Eight*
- Say to children, “I’m going to the book area to read a story about a little girl and her dad. The little girl is getting ready for bed.”
- Show the cover to the children who join you and read the title.
- Read each page, pausing to count the objects found on that page. For example, count 10 small toes, 9 soft friends, 8 square windowpanes.
- Follow up the reading by showing each page and inviting children to name the numbered objects on each page. Say, for example, “10 small ____ (toes), 9 soft ____ (friends).”

Note: *Read the story again and again with children who are interested and who request it.*

Book: *Kiss Good Night* by Amy Hest, illustrated by Anita Jeram (OT)

First Reading of *Kiss Good Night*
- Invite children to join you in the book area to read a story about a little bear whose name is Sam.
- Show children the cover, read the title and say, “This is Sam and his mother.”
- Show children the title page and point to the little white house and say, “This is the house where Sam and his mother live.”
- Read the story, changing your voice for Sam and his mother, and to reflect what each is saying.
Second Reading of Kiss Good Night
- Make a stick puppet by attaching to a craft stick the figure of Mrs. Bear that has been colored and laminated. Keep the puppet out of sight until you use it in the story.
- Invite children to join you in the book area to read the story about a little bear whose name is Sam.
- Show children the cover, read the title and ask children to point to Sam and to his mother.
- Read the story with the children.
- Use the Mrs. Bear stick puppet to kiss each child (gentle touch on the head) when Mrs. Bear kisses Sam in the story.

Book: Runaway Bunny by Margaret Wise Brown, illustrated by Clement Hurd (YT & OT)

First Reading of Runaway Bunny
- Invite a small group of children to join you in the book area to read a story about a little bunny that runs away from his mother.
- Read the story with the children. Take time to allow children to look at the pictures. On the pages without words, describe to children what the little bunny and his mother are doing and invite them to locate the little bunny.

Second Reading of Runaway Bunny
- Invite one or two children to join you in the book area to read a story about a little bunny that runs away from his mother.
- Begin to read the story with the children. On the pages without words invite them to describe what is happening to the little bunny and his mother.

Note: Know the children in your group that you think have the attention span to attend to this story. Invite those children to join you in the reading experience. If children do not seem interested in the story, put the book away and bring it out at another time.

Language and Cognitive Materials and Activities

Learning Goals:
LD1.1 Understands and responds to language (in child’s home language)
EL2.1 Notices and manipulates the sounds of language (rhyme)
SE3.1 Shows awareness of self as unique individual (sense of identity, characteristics of self and others)

Are You Sleeping:
Are you sleeping, are you sleeping,
   Brother John, Brother John.
Morning bells are ringing, morning bells are ringing,
   Ding, ding, dong! Ding, ding, dong!

Note: Ask children who wakes them up in the morning. Substitute children’s names as you sing the song, using the words brother and sister when appropriate
**Little Red Box**

I wish I had a little red box
To put my Jason in.
I’d take him out and kiss, kiss, kiss
And put him back again.

**Extensions:**
- Use the children’s names in the rhyme.
- Have a red box to show the children as you say the rhyme. If you do not have a red box, cover a small box with red paper.
- Put the rag doll named Yuri from #2.1- My Family and Home in the box and substitute his name in the rhyme. Bring Yuri out and kiss him, have each child “blow him a kiss” and put him back in the box.

---

**I Love My Family**

Some families are large (spread arms out wide)
Some families are small, (bring arms close together)
But I love my family (cross arms over chest)
Best of all.

---

</tbody>
</table>
**Learning Goals:**
EL1.1 Shows interest in literacy experiences
EL2.1 Notices and manipulates the sounds of language

**Planned Experience: Storytelling, Mother Goose Rhyme (YT & OT)**
There Was an Old Woman Who lived in a Shoe (See Attachments: There Was an Old Woman Who Lived in a Shoe).

There Was an Old Woman Who Lived in a Shoe

There was an old woman
Who lived in a shoe.
She had so many children
She didn’t know what to do;
She gave them some broth
Without any bread.
She kissed them all soundly
And put them to bed.

- Read the rhyme with the children from a Mother Goose book that has one rhyme per page so that children can see illustrations.

**Extensions: There Was an Old Woman Rhyme Chart and Puppet**

- Make an illustrated rhyme chart for the rhyme. Laminate or cover the chart with clear self-adhesive paper for durability. (Refer to Curriculum Tips and Techniques, Making Charts, for information on making charts.)

- Make a puppet of the Old Woman. Color, laminate or cover with clear self-adhesive paper and attach the figure to a craft stick.

- Read the rhyme at another time, again using a Mother Goose book.

- Show the rhyme chart and again read the rhyme with the children.

- Have the Old Woman puppet give each child a kiss (gentle touch on the head) as you say, “She kissed them all soundly…”

- Post the rhyme chart on the wall at children’s eye level. Observe children and, if they notice the chart, join them in saying the rhyme.
Social and Emotional Activities

Learning Goal:
SE1.1 Forms trusting relationships with nurturing adults

Planned Activity: Naptime Rituals and Routines (YT & OT)

Materials: Books about bedtime, naptime and nighttime, soft, soothing music, each child’s comfort item either brought from home or provided by the center

How to begin:
- Gather information from families about children’s sleeping habits and patterns, including naptimes when child is not in the center. This information can help you better understand each child and that child’s naptime needs.
- Encourage families to bring familiar comfort items from home; items that can make falling asleep easier, or have comfort items available in the classroom with each child having a special item. Allow children to have the comfort items at naptime.
- Establish consistent daily naptime routines and rituals with children’s books so that children know what to expect when it is time for rest. An example follows:
  Collect children’s books about bedtime, naptime and nighttime.
  Read a story after lunch, just prior to naptime. Include finger plays that children enjoy.
  Read a different story until the children have selected their favorite naptime books and make these books a part of the daily naptime ritual.
  Place the books in a special bag or basket that children will learn to recognize as being for a naptime story.
- Place cots or mats in the same place each day. Make sure that you can see each cot.
- Dim the lights, leaving sufficient light so that children and other adults can see you and you can see the children and other adults.
- Play soft, soothing music; music that seems to help children ease into sleep.
- Focus on the children and their individual needs until they are asleep. Know which children need you near and which need soft pats on the back, for example.
- Avoid talking with other adults. This can prevent children from falling asleep.
- Work on planning and projects only after the children are asleep. Keep your activities quiet.
- Know which children need extra time to become fully awake and functioning after naptime, which children need a few minutes on your lap, and which children are immediately ready to become involved in an activity.
- Have available quiet activities for early risers.

Extensions:
- Have a good night puppet that visits each child on his or her cot/mat and gives a good night kiss. You and the children give the puppet a name.
- Keep the puppet in the special bag or basket with the books.

Teacher Notes:
- Avoid withholding the puppet’s kisses from a child who may be having difficulty settling down. The puppet’s kiss is a symbol of love, not a reward for “good” behavior.
- Take children outdoors each day. Time in fresh air and sunshine and active play can help children be ready for rest and sleep.
- See the list of books at the beginning of this Toddler Topic for those that relate to naptime and bedtime. The developers particularly like Time for Bed, Ten, Nine, Eight and Kiss Good Night.

**Planned Activity:** Can You Do It Too? (YT & OT)

**Materials:** None

**How to begin:**
- Pretend to use an imaginary object as you do things that children might do at home; especially rituals and routines. Then ask the children, “Can you do it too?” Examples follow.

  - “I am washing my face. Can you do it too?”
  - “I am brushing my teeth. Can you do it too?”
  - “I am brushing my hair. Can you do it too?”
  - “I am eating my breakfast. Can you do it too?”
  - “I am taking a bath. Can you do it too?”
  - “I am listening to a bedtime story. Can you do it too?”
  - “I am kissing Mommy/Daddy/Grandfather goodnight. Can you do it too?”
  - “I am going to sleep. Can you do it too?”

**Extensions:**
- Involve older toddlers in discussing whether they do the things with or without help from others. Discuss with them who helps them with the different activities.

---

**Sensory and Art Materials and Activities**

<table>
<thead>
<tr>
<th>Learning Goals:</th>
</tr>
</thead>
<tbody>
<tr>
<td>PH2.1 Demonstrates fine motor strength, control and coordination</td>
</tr>
<tr>
<td>LD1.1 Understands and responds to language (in child’s home language) (follows directions)</td>
</tr>
</tbody>
</table>

**Planned Activity:** Washing Dishes (OT)

**Materials:** plastic dish tub, plastic dishes, dish soap, dish scrubber, dish drying rag, smock or apron for child, large towel

**How to begin:**
- Place large towel on low table.
- Put 1 to 2 inches of water in the tub, add dish soap and place tub on large towel with small drying towel near by.
- Say to a child as you hand him some plastic dishes, “Marcus, I think these dishes are dirty and need washing.”
- Assist child in putting on a smock or apron.
- Suggest that child dry the dishes when they are clean so they can be put in the cabinet.

**Extensions:** Washing, Rinsing, Drying and Putting Away Dishes
- Make this a sequencing activity by adding a plastic tub with water without soap.
- Invite child to wash dishes in soapy water, rinse them in clean water, then dry them with the drying cloth.
- Add a step to the process when children have mastered the washing, rinsing and drying process by asking child to put the dishes in the cabinet or on the table in the pretend play area.

**Teacher Notes:**
- Have each child wash and dry hands before and after participating in this experience.
- Accept that children may just want the experience of playing with the materials for awhile.
Learning Goals:
CD3.1 Uses reasoning and planning ahead to solve problems and reach goals (problem solving)
MT2.1 Uses classification and patterning skills (classification)

Planned Activity: Matching Pajama Tops and Bottoms (YT & OT)

Materials: several sets of pajama tops and bottoms (sets must match) and laundry basket

How to begin:
- Jumble up the pajama tops and bottoms.
- Invite children to help you sort the pajamas by putting together the ones that match.

Extensions:
- Make sets of pajama tops and bottoms that match from fabric scraps. Look for fabrics that have different textures.
- Invite children to help you sort the pajamas by putting together the tops and bottoms that match.

Teacher Note: Give younger toddlers fewer sets, two sets, for example. Older toddlers might be able to match up to five sets.

Learning Goals:
CD1.1 Shows curiosity and a willingness to try new things
PH2.1 Demonstrates fine motor strength, control and coordination
PH2.2 Adjusts grasp and coordination to use tools
CA2.1 Explores, manipulates, creates, and responds to a variety of art media

Planned Activity: Printing with Household Items (OT)

Materials: household items such as cookie cutters, potato masher and thread spools to use as printing tools, tray, large paper, wet paper towels, pie tins, washable tempera paint in two different colors

How to begin:
- Place printing tools on a tray.
- Spread a large sheet of paper on the table.
- Make a printing pad by folding a few squares of paper towels together and holding them under a faucet to moisten.
- Place the moistened towels in the pie tins and pour a puddle of paint on the towels; one color in each pan.
- Invite a couple of children to put on paint shirts or smocks and join you at the table.
- Give each child a sheet of paper and invite him or her to use the tools to print with.
- Demonstrate on your sheet of paper if children do not seem to know how to use the printing tools.

Note: Children may scrub and rub the paper with the printing tools and may even tear the paper. They are exploring and experimenting with the tools. Repeat the printing experience throughout the year. Eventually children will use the tools for printing only.
Food/Nutrition Activities

Learning Goals:
SE3.2  Demonstrates competence and confidence
PH2.1  Demonstrates fine motor strength, control and coordination
PH2.2  Adjusts grasp and coordination to use tools
PH3.1  Demonstrates interest in engaging in healthy eating habits and making nutritious food choices
(understanding of food experiences)

Planned Activity: Making Pizza (OT)

Materials: ½ sliced English muffin per child and adults, pizza sauce in a bowl, shredded cheese in a bowl, 2 serving spoons, one small plate per child and adults, aluminum foil and baking pan

How to begin:
- Gather a small group of children, 2 to 4 at a time, to make individual pizzas.
- Explain to children that they will make their own pizza for snack.
- Encourage children to talk about eating pizza with their families; where they go for pizza, do they make it at home, what they like on their pizza.
- Place ½ sliced English muffin on your plate and one on each child’s plate,
- Model making pizza by placing one or two spoons of pizza sauce on your muffin and topping with a spoon or two of cheese. Describe each step you take.
- Assist each child in putting one or two spoons of pizza sauce on their muffin, topping it with a spoon or two of cheese.
- Prepare baking pan by covering in aluminum foil. Write the children’s names on the foil leaving spaces for their pizza.
- Invite children to place their pizzas on the baking tray. Explain to them that the pizzas will be baked in the oven in the kitchen.
- Repeat this process with the other children in the group.
- Take the pizzas on the tray to the kitchen to be baked.
- Allow the pizzas to cool slightly before you and the children enjoy them with a cold glass of milk.

Safety Note: In some activity books for toddlers you will find suggestions that you use a toaster oven in the classroom for cooking pizza. The developers caution against the use of a toaster oven in the toddler classroom unless you have additional adults whose task it is to do nothing but supervise the use of the oven which should be out of the reach of children. It will also be necessary that the electrical cord be out of reach of children. We realize that the sensory experience of smelling the cooking pizza will be missing when pizza is cooked someplace other than in the classroom. However, with toddlers, as with all children, SAFETY is always the first concern.

Note: Caregivers and children should always wash hands before participating in a food experience.
Movement, Music and Gross Motor Activities

Learning Goals:
PH1.1 Demonstrates locomotor skills
LD1.1 Understands and responds to language (in child’s home language) *(follows directions)*

Planned Activity: Put Your Hands Up in the Air (YT & OT)

Materials: None

How to begin:
- Begin to sing the following song and do the motions with children who join you:

**Put Your Hands up in the Air**
*(Sing to tune of “London Bridge is Falling Down”)*

Put you hands up in the air,
In the air, in the air.
Put your hands up in the air,
Clap, clap, clap.

Put your hands down to the ground,
To the ground, to the ground.
Put your hands down to the ground,
Clap, clap, clap.

Move your arms from side to side,
Side to side, side to side.
Move your arms from side to side,
Clap, clap, clap.

Walk your legs and march, march, march, (march in place)
March, march, march, march, march.
Walk your legs and march, march march,
Clap, clap, clap.

Twist your body side to side.
Side to side, side to side.
Twist your body side to side,
Clap, clap, clap.
#2.2 – Things I Do with My Family

**Learning Goals:**
- PH1.1  Demonstrates locomotor skills
- CA1.1  Explores through listening, singing, creating, and moving to music

**Planned Activity:** Dancing with Scarves (OT)

**Materials:**
- Scarves for you and each child in the group
- CD with classical instrumental music such as The Blue Danube or Clair de Lune
- CD player

**How to begin:**
- Place scarves in a basket.
- Begin to play some classical instrumental music such as The Blue Danube or Clair de Lune.
- Select a scarf from the basket and begin to move freely to the music.
- Allow children who join you to select a scarf. Describe what you are doing with the scarf. Be creative as you move to the music and children will copy you.
  - Swoop the scarf high into the air and then low to the ground.
  - Hold scarf by one corner and move it in front your body from right to left, back and forth, like a windshield wiper.
  - Move the scarf in a large circle in front of your body.
  - Move the scarf back and forth as though you were sweeping the floor.
  - Hold the scarf as you turn in a circle.
- Conclude the scarf dancing experience with a calming activity such as sitting on the floor and hugging your scarf.
- Collect the scarves by putting your scarf in the basket and asking children to put their scarves in the basket

**Extensions:**
- Play marching music such as “Yankee Doodle” while children march around the room waving a scarf in the air like a flag.

**Teacher Note:** Allow sufficient space for this activity so that each child has personal space to move his or her scarf without interfering with another child’s movements.

---

**Learning Goals:**
- PH1.1  Demonstrates locomotor skills
- CA1.1  Explores through listening, singing, creating, and moving to music

**Planned Activity:** Movement and Music (YT & OT)

**Materials:**
- CD player and CDs

**How to begin:**
- Include in your daily schedule a specific time to involve children in moving to music.
- Collect CDs that include a variety of musical experiences for the children. See Resources located in Focus Area #2, Introduction and Preparation for a suggested list.
- Review the CDs in advance and select the songs that you think your children will enjoy.
- Vary the songs you use each day. Include some of children’s favorites and add a new one.
- Conclude the movement and music time with a song that will help children calm down from being so active.

**Teacher Notes:**
- Include songs with words from a child’s home language that is not English.
- Include movement and music throughout the day, not just at the scheduled time.
Transition Times

Learning Goals:
CD2.2 Shows flexibility in adjusting thinking and behavior to different contexts
PH1.1 Demonstrates locomotor skills
LD1.1 Understands and responds to language (in child’s home language) *(follows directions)*

Walk Your Legs and March, March, March
- Sing the following to tune of “London Bridge is Falling Down” as you and children go outdoors
  - Walk your legs and march, march, march,
  - March, march, march, march, march, march.
  - Walk your legs and march, march, march.
  - March outside.

Driving Daddy’s Car
- You and children pretend to drive daddy’s car (or other family members) as you move from one activity to another.
- Give directions such as, “We’re coming to a corner, slow down as you turn that corner.”

Note: *Adapt other finger plays previously listed, making them transitions to move children from one activity or place to another.*

Family Connection and Engagement

Goodnight Rituals and Routines
- Send home a list of the children’s favorite books for nap time; books such as *Goodnight Moon, Time for Bed, Kiss Good Night, Goodnight My Duckling,* and Ten, Nine, Eight.
- Suggest that families purchase one or more of the books or check them out from the local library and read them to their child each night at bedtime.

Making Pizza at Home
- Explain to families that their children were involved in making and eating pizza with the other children.
- Send home to families the directions for making pizza from the Food/Nutrition Experiences, p. 10.
- Suggest that families involve their children in making and eating pizza with their family members.
